

Namensfindung Ateliergemeinschaft 2015

Überlegungen & Hinweise

- **Fokus** entweder auf...
 - ... dem „fließenden Kreativ-Potential“ der ständig wandelbaren und amorphen Atelier-Flotte?
 - ... dem Prototyp als „Keimzelle“?

-> im Bestfall beides!

- Internationalität?

Übersetzungs-Hinweise:

- „Workbox“ -> „Werkzeugkasten“
- „temporary structures“ -> „fliegende Bauten“
- plug & play ground -> plug & play sehr international, überall verständlich, ground (Grundlage, Baugrund, Platz), play-ground = spielplatz
